AN AMUSEMENT PARK.

Several Foreign Parties are Talkins of Opening a Summer Park in This City—May be Very Large and Consist of all Manner of

There have been several parties in this city during the last few days looking into the matter of locating a large amusement park here. The central part of Missouri has no legitimate pleasure grounds and this city being directly between Kansas City and St. Louis would prove an ideal location for such an enterprise.

Nothing definite has been done and only the plans, should the movement be carried through, have been discussed. The park will be open all week but Sunday will be made the featured day and excursions will be run to this city from all parts of the state There will be a taseball field, a dance pavillion and summer theater with vaudeville on Sunday, boats on the lake, a figure eight and shoot the shoots, numerious refreshment stands and what other attractions that may come in The gentlemen considering the matter will decide in a few days whether they will build now or wait until next

Miss Johnson's Recital Friday Night. In company with Mr. Walter Peck and his son, Fred, we attended Miss Irma Johnson's recital at the Josse academy, three miles west of Mexico, Friday night and enjoyed the entertainment very much. The night was an ideal one but the roads, in some places, were almost impassable. This, oupled with the high condition of the creeks, caused by recent rains, prevented many from being present at neat sum of money taken in. With the exception of one young

lady, whose name was on the program, eing ill, and the leader of the orchestra (Prof. Dudley) being absent, the program was carried out to perfection, sch and every one reciting well their part. Those assisting Miss Johnson were—Miss Lena Johnson, Miss Margie Walle, Miss Minerva Johnson and Mr. one and all. There was not a "hitch or McBride will leave immediately after Miss Irma Johnson is an accom-
